## MATERIALS

Aluminum	A	A chemical element that does not exist in a pure state in nature, aluminum is a malleable and ductile metal with strong resistance to corrosion and oxidation, thus used in multiple applications in the production of outdoor furnishings. Our products are designed and fabricated through the careful selection of alloy materials and their chemical composition to produce a product guaranteed for optimal performance. Our aluminum finishes come in different appearances depending on the product: powder coated, lacquered, brushed, polished (shiny) or matte (non-shiny). Please refer to our price list or website for each items' surface details.
All Weather Wicker	AWW	Synthetic all-weather wicker used in our products consists of either a fiber thread or a metal wire surrounded by thermoplastic polymers. Additives further improve the performance levels of this material, ensuring resistance to weathering, UV light and heat. This material is woven by hand on each item and worked with ancient craft traditions. We offer different colors of synthetic wicker dependent on the item selected; Sid Grey (76) and Elly Grey (74)
Bamboo	BMB	Bamboo is a rapidly growing material which is collected without causing deforestation. After harvesting, the outermost layer is removed and the bamboo strips are modified using a special thermo-treatment process which increases the stability of the material, ensures protection of the materials against fungi and guarantees the highest durability possible.
Ceramic/Porcelain	CR	It has excellent physical and mechanical properties making it ideal for outdoor use since it is resistant to atmospheric corrosion and unaffected by UV exposure. Its qualities allow it to be water and oil repellent. On Terramare available in Basaltina (34), Staturio White (35) or Emperador (36) as noted per item. On Tami Corner available in Staturio White (35) or Emperador (36) as noted per item.
Electro Galvanized Steel	EGS	An immersion process which bonds a layer of zinc to steel in order to protect against corrosion. Only available on our Valles benches.
Elastic Straps	ELS	The material is obtained by weaving synthetic materials such as propylene fibers (71%) and synthetic rubber 29%), enabling it to be used outdoors. Woven elastic straps joined to the frame in a unique and innovative way, Available on Yard Collection only, color available is dependent on frame finish selected.
E-Coated Steel	ES	Steel is the main product in the Iron and Steel Industry. EMU uses an alloy of Steel, Carbon Fe37 and with the rich know-how of technological and innovative procedures of surface treatments creates pleasing outdoor products. In the first phase, the material is degreased and covered with a layer of phosphoric micro-crystalline that assists to create a high anti-corrosive performance. The second phase is varnishing with a process of cathode electrodeposition (cataphoresis) which is the most technologically advanced method of protecting the metal for the outdoor elements. This process is done via several dipping tanks with the effect of a continuous electric field assisting in the deposition of a coat of finish. This process we call "e-coat". The product is then colored by using a polyester powder coat to give its final appearance. EMU products made in steel are 100% recyclable at the end of their life cycle. EMU Steel products are available in a variety of powder coats, these colors can be found in the enclosed price list or on our website.
Ferrus Treated	FS	A treatment that guarantees a high resistance to rust, process performed on cast iron products to prevent corrosion. Available on most site furniture furnishings offered.
HPL/Compact Laminate	HPL	High Pressure Laminate is a self-supporting material suitable for outdoor exposure. It consists of layers of paper in between phenolic resins and a decorative surface layer on top and bottom. We offer different colors of decors dependent on the item selected. High pressure laminate table tops carry a two (2) Year Limited Warranty.
Eco-Leather	L	Made out of compacted Nylon microfiber in a polyurethane bath, then re-coated with polyurethane in the same color. On Terramare available in White (200/92), Brown (200/93) Grey/Green (200/94) or Black (200/95) as noted per item.
Natural Wood	NW	Garapa Tropical Wood treated with Lingus fungicide & insecticide, then water proofed. Natural wood stain.
Polyester Fabric Cushion	PFC	Cushions are made through a process of thermoforming and hot shearing. Both the polyester fabric for the top of the cushion and the non-slip underside fabric are each separately adhered to polyurethane rubber. Both sides are then matched, inserted into a custom fit chair seat mold and heated to 180 centigrade to seal them into a cushion. The edges are immediately sheared for a continuous seam with no stitches.
Recycled Polymer	POLY	Recycled Polymer is eco-friendly, it derives from recycled and recyclable material. The material does not crack, splinter, rot nor dry. It has high resistance to bad weather conditions and humidity, it is long-lasting.
PPL	PPL	It is a thermoplastic polymer, used in conjunction to another material for the frame of the product to be able to offer a pop of color to furniture. Different colors available on Oly items.
Synthetic Rope	R	Double braid with polyester core and multifilament propylene cover. The external fibre is weatherproof and resistant to UV rays. We offer different colors and sizes of Synthetic Rope dependent on the item selected.
Stainless Steel	SS	Majority of the stainless steel used on our products is polished AISI 316, except for Lyze collection where it is powder coated in different colors as noted per item.
EMU-Tex	T	Also known as Textilene, it is a technical fabric for outdoor use made with polyvinyl chloride thread. It features exceptional strength to ensure durability, maximum resistance to UV rays, the elements, humidity and sudden changes in temperature. We offer different colors of Emu-Tex dependent on the item selected.
Tempered Glass	TG	Our tempered glass is manufactured in compliance to the international standards BS 7376 and complies with the international standard BS 6206. We offer different colors of tempered glass dependent on the item selected.
Teak or Natural Teak	TK	Teak is an extremely long lasting hardwood with high oil content and is suitable for outdoor use without the necessity of a sealing treatment. If not treated, the teak turns into a silver-grey color. This is the natural protection from inside of the wood, which is considered an essential part of teak's charm; this does not weaken the wood. Please note that if not sealed, the surface is exposed to staining. Since both teak and ash are natural products, it is subject to color variations within the product that we cannot be held responsible for. Wood can also crack due to constant changes in weather conditions which is not covered under our warranty. emuamericas, llc does not warranty furniture finish when sealed or oiled; always follow the manufacturer's instructions for applications of sealers, cleaners or oil. Our teak is unfinished, it will grey over time and could stain if not sealed, joints may open due to weather conditions. Table tops carry a (1) Year Limited Warranty.
Wood-Look Aluminum	WLA	Aluminum slats that are "heat wrapped" with film to create a maintenance free wood look item. Available in Oak (401), Wenge (402), Grey (400), Walnut (409) or Driftwood (500) as noted per item.
Wood Plastic Composite	WPC	A composite material made from wood fibers and HDPE. Resistant to UV rays and humidity, the material requires little maintenance.

## CARE & MAINTENANCE

### GENERAL MAINTENANCE

As with any equipment, proper and periodic maintenance is necessary to ensure longevity of the product and customer satisfaction. To ensure you get the most out of your investment, please follow our recommended maintenance and care instructions. We recommend that the products be examined every 30 days. Items requiring adjustments, showing any sign of structural failure, that have missing hardware or that show any cracks at the welds should be taken out of service immediately until repaired. Loose screws should be tightened as required and missing or worn out foot caps must be replaced. To obtain replacement parts, please contact your local representation or local dealer.

Furniture should be handled with care, following are some simple suggestions:

- When chairs are stacked, the stack should not be dragged.
- Stackable chairs should not be dropped or slammed down when being un-stacked.
- People should not rock backwards or stand on any emuamericas' item.
- For storage, all furniture should be stored neatly, stacked to suggested height, and packed in a clean and dry area.
- Tables should not be flipped and stacked
- Any standing water needs to be removed to avoid damage to finish.
- Cushions that are stored for longer periods of time should be stored in a dry ventilated area.

**NOTE: Warranty may be voided if proper maintenance or care is not followed.**

Full maintenance and care instructions for each product can be found on our website at [www.bumoutdoor.ca](http://www.bumoutdoor.ca)

### PARTS/ HARDWARE

We make available all parts, hardware and touch-up paint for the current product line at minimal cost.

Replacement parts may be ordered at:

**info@bumoutdoor.ca**

### ABBREVIATIONS AND NOTES

A/	A finish that has a raised texture, wears better in high traffic areas and especially on solid surfaces.
ADA or  symbol	Noted tables meet the size requirements set forth by the Americans with Disabilities Act.
Quick Ship (●)	Indicates items in select color finish that are readily available for shipment as we make a commitment to have them continuously in stock.
RA	This item requires assembly; all of our tables require assembly.
DP	Indicates that the item has a design pattern on the chair seat or table top.
Custom RAL Color	Choose an exterior RAL powder coat from <a href="http://www.tigerdrylac.com">www.tigerdrylac.com</a> , \$50 NET SET UP CHARGE per color. Textured colors available for an additional cost.
Folding	All folding items carry a one (1) Year Limited Warranty.
Heavy Duty (HD)	Additional stretchers are added for use in high traffic areas.
Not in PI	Item is available, but not photographed in our 2022 Pictorial Index; visit our website for photo/spec sheet.
Special Order (○)	Indicates items in select color finish that are available as a special order, check current lead times

## QUICK GUIDE

### 1. FIND IT !

Use the  
**TABLE OF CONTENTS**  
on **page 2**  
to find the type  
of product  
you are looking for

Items are then  
listed alphabetically  
within the section

### 2. CHOOSE COLOR !

#### NEED IT FAST?

Pick the color that has the  
QUICK SHIP symbol ●

OR

Below table is located at the top of every page

		(●) QUICK SHIP (○) SPECIAL ORDER	
16	AMARINE BLUE	●	○
17	ARMILITARY GREEN	●	○
20	GLOSSY ALUMINUM	●	○
22	AIRON	●	○
23	AWHITE	●	○
24	ABLACK	●	○
26	AMAPLE RED	●	○
32	ANTIC WHITE	●	○
37	AMOSS GREY	●	○
41	ABRONZE	●	○
48	ANAVY	●	○
50	ACHERRY	●	○
60	AGREEN	●	○
61	ABLUE	●	○
62	ACURRY YELLOW	●	○
71	ATTAPE	●	○
72	ACLOUD GREY	●	○
73	ACEMENT	●	○
75	ADARK GREEN	●	○
86	ACORTEN	●	○
95	ASAND	●	○

#### HAVE TIME TO WAIT SEVERAL WEEKS?

Then check out the color options  
with the SPECIAL ORDER symbol

... but it comes with additional restriction:

- ⇒ must be ordered by Master Pack Quantity
- ⇒ check on current special order lead time

### 3. PRICE IT !

If ● or ○ is selected,  
apply your discount on  
the list price per unit.

#### **TIP! NEED A SPECIFIC COLOR FAST?**

Look for the color, then follow the column to find the  
● symbol  
and that will tell you the model available in  
QUICK SHIP

**We always recommend for you to call us  
to check stock current availability**

## TABLE TOP & BASE FIT GUIDE

Black Dot (●) in intersecting cell indicates compatible top/base, have existing inserts/holes for screws in top.

Square (□) in intersecting cell indicates compatible top/base, however holes are NOT pre-drilled in top.

emuamericas will provide the necessary hardware if both top and base are purchased on the same Purchase Order.

<b>CORDING (SELECT MODELS ONLY)</b>					
List prices DO NOT include any cording. Cording is available on select models & quantity at an additional charge, please inquire.					
<b>VINYL COM MATERIAL</b>					
100% vinyl fabric is not recommended for our cushions. If 100% vinyl COM fabric is chosen, the customer must provide a sample of the fabric before order will be accepted. 100% vinyl fabric is difficult to work with and requires special equipment to manufacture our cushions. They also require a vent fabric to be installed, because full vinyl cushions do not allow air to escape when compressed, and can cause the seams to split. Vent fabric will also need to be provided by the customer. There will be a 20% upcharge on 100% vinyl cushions.					
<b>CUSHION DETAILS</b>					
All cushions are custom orders. NO EXCHANGES/REFUNDS/RETURNS ALLOWED					
Warranty covers manufacturing defects such as seam failure for the period of (1) year from ship date					
Misuse, alteration, or damage by natural or man made environmental elements voids any warranties written or implied					
Wrong color, size, style, soiled product or cosmetic blemishes are warranted for a period of (5) days from the date of receipt					
Dependent on fabric chosen, lead time is from order confirmation date					
Freight chart not applicable to cushion orders. Please request freight quote					
Cushions will ship with furniture unless otherwise requested for an additional fee					
Color presented via swatches or website may vary to final fabric color due to dye lot production

### PRODUCT DETAILS

Shade product line has one (1) year limited warranty on manufacturing defects and faulty raw materials

Color presented via swatches or website may vary to final fabric color due to dye lot production

Fabric swatches may be seen at [www.emuamericas.com](http://www.emuamericas.com) or requested from emuamericas, llc

Umbrellas should be closed in moderate wind conditions; moderate wind on the Beaufort Scale means that wind is raising dust and lifts sheets of paper off the ground. Damage due to wind is not covered under warranty.

Periodic maintenance is required for all Shade products

In case of damage, most parts for umbrellas are replaceable and available for purchase at [www.emuamericasparts.com](http://www.emuamericasparts.com)
